Saturday Afternoon (2 hour increment)	571	352	1215
Sunday Afternoon (2 hour increment)	510	427	780

NOTE: These numbers represent pedestrian movements at an intersection during the given time period. The methodology used is similar to that used by traffic engineers to count vehicles. Counts were taken fall 2007; fall 2008; and spring 2010. SOURCE: Clemson University Department of Traffic Engineering on behalf of the City of Greenville, SC
